## Graduation Rates For Student Athletes

Graduation rate is determined by using a fall cohort of students who come into Western Nebraska Community College as a first-time, full-time degree seeking student. These students are given $150 \%$ of normal completion time to be considered in the graduation rate. These graduation rates include all athletes who were in the fall term first-time freshman cohort. They did not necessarily have athletic student aid. Transfer out means the student transferred to another institution prior to completing graduation requirements at Western Nebraska Community College.
