**Hannah 2:00-4:00 p.m. on Sundays**

**We may also be available by text and/or video chat. Check our online page through Blackboard for details.**

The Math Center tutors are in **no way** to be considered a replacement for classroom instruction. We are to assist, when possible, students who are having difficulty with math assignments and hopefully providing technical and moral support. The Math Center is staffed with certified tutors (having a degree in mathematics) and student tutors (students currently enrolled at WNCC).
