

Gainful Employment Disclosure Template

Acknowledgment Form

Regulations published in the *Federal Register* on October 29, 2010 require institutions to report certain information to students who enroll in Title IV-eligible education programs that lead to gainful employment in a recognized occupation. Those regulations also provide that institutions must disclose to prospective students certain information about the institution's GE programs.

WNCC has identified the following programs as meeting the requirement for GE programs. WNCC has provided the information below to help our students and future students make informed decisions regarding their educational goals. Please note that students' personal information will not be disclosed.

I have received the Gainful Employment Disclosure Template information about the program(s) that are checked below. Signing this form does not obligate me to enroll at WNCC.
