

Graduate Outcomes Employment and Wage Data

Source: Nebraska Department of Labor, Nebraska Longitudinal Data System

Employment and wage data is produced using administrative data from the educational institution and the Nebraska Department of Labor and complies with all applicable employment security and student data confidentiality laws.

When there are small numbers of students in a program/major/industry, a few unusual results can dramatically affect percentages. To protect individual confidentiality, programs with fewer than four graduates are not published. Non-publishable or unavailable data is denoted as “****” or “na” throughout the spreadsheet.

Not all graduates can be found. If a graduate is not found, it does not necessarily mean they are unemployed; it means they were not located in the search of Nebraska’s Unemployment Insurance database. Individuals who are self-employed, work in industries not covered by Unemployment Insurance, are enrolled in other postsecondary education and are not working, work in another state, or work for the federal government are unlikely to be found in the database. An institution’s proximity to bordering states may make some students less likely to be employed in Nebraska, and therefore, not found in Nebraska’s Unemployment Insurance database.

Earnings may be for full or part-time work. Earnings reported in the database include wages, salaries, bonuses, commissions and other income designated as earnings under Nebraska Unemployment law. Wages tend to be higher in some regions than others. The wage information listed relates to all individuals found working in Nebraska and may be influenced by strong regional variation.

It is not possible to tell if graduates are employed in occupations related to their education since employers do not report occupation.

The CIP Code field identifies the six digit classification of instructional program (CIP) code for each field of study.

Any questions about the data or requests for customized reports or other related data should be submitted to:

Kermit Spade, 402-471-9953, kermit.spade@nebraska.gov

Employing Industry	Number of Graduates Working in Nebraska	Average Quarterly Earnings
Unknown	10	\$4,484
