PUBLIC HEARINGS / ADOPTION OF 2019-2020 WCCA BUDGETS
Pursuant to Section 13-501 to 13-513, R.R.S. and Section 85-1517, R.R.S., Ms. Klemke declared the Public Hearing for the purpose of hearing support, opposition, criticism, suggestions or observations of taxpayers relating to the following budgets and consider amendments relative thereto open at 1:08 p.m.

Presentation of Proposed 2019-2020 Budgets
Ms. Klemke asked Mr. Knapper to present the Proposed 2019-2020 Budgets.

Mr. Knapper remarked that over the past four months the Board has held Informal meetings for the purpose of budget work sessions. During those meetings the budgets were presented and considered in detail. Preparation of the 2019-2020 budget was notably influenced by funding from the State of Nebraska and a modest projected enrollment increase.

Mr. Knapper presented the 2019-2020 General Fund Budget, which is the heart of the College’s operations, in the amount of $32,230,438. General Fund revenue saw an increase in state aid as the state increased the overall appropriation for community colleges. The statewide appropriation increased to $100,547,391 from a prior year’s appropriation of $98,075,874. The improvement of funding to Western Nebraska Community College between the two budget years was $197,948.

The distribution formula for state aid was defined in LB-946 of the 2012 Legislature. The first $87,870,147 (the amount of the Fiscal 2012-2013 funding) is to be allocated based on each college’s share of the 2012-
2013 funding. This feature of the formula provides Western Nebraska Community College with $11,660,368. The balance of the appropriation, or $12,677,244 and any future increases will be divided according to a formula of 25% of the balance divided evenly between the colleges which will yield $528,219 for Western, 45% divided on the proportionate preceding 3-year average of FTE (Full Time Equivalent Student Enrollment) and 30% divided on the proportionate preceding 3-year average of REU’s (Reimbursable Educational Units). The FTE and REU portion of the formula will provide WNCC with $552,570 for a total funding amount of $12,741,157 for the General Fund. This represents a 1.58% increase. State aid represents slightly more than 39.5% of total general fund revenue for Western Nebraska Community College.

Total tuition and fee revenue were budgeted at an increased amount from the prior year due to increasing enrollment and increased tuition. Tuition increased by $4.00 per credit hour for residents and held static per credit hour for non-residents. Total tuition and fees are set at $121.50 per credit hour for resident rates compared to $117.50 for the previous year. Non-resident total tuition and fee rates were unchanged at $122.00 per credit hour. Tuition for border states was raised $4.00 to $105.00 per credit hour. Total tuition and fees for border states was set at $122.50 for the new year compared with $118.50 for the previous year.

Charges were increased marginally for consumable material costs for courses with significant consumable supplies. Fees vary according to the supply costs per course.

Concern regarding increases in property tax was a further consideration during budget preparation. The Board and administration developed General Fund and Capital Improvement Fund budget models holding property taxes to no more than that necessary to fund the budgets out of concern for property taxpayers. The total property tax request for Fiscal 2019-2020 will show a 2.76% increase to $13,270,360 from $12,914,375.

Overall, General Fund Revenue was projected at a net increase of $1,937,733 or 6.58% more than the prior year. One revenue source of note is included, a draw from cash reserves in the amount of $550,000 for contingency funding and an amount of $4,229,202 is also proposed to be drawn from cash reserves to address costs associated with the Main Building Addition and Renovation. Significant in the costs associated with the construction are rental office space, furniture, moving expenses and additional part-time staff. Total expenditures are budgeted at $31,385,135, a 6.58% increase. Excluding the project related costs, the General Fund or operating budget increased by 3.96% or $1,049,904.

Mr. Knapper reported there are notable changes in the Capital Improvement and Bond Fund (CIF). He reported the 2019-2020 Capital Improvement and Bond Fund Budget request is $8,063,399.00. The CIF property tax levy will provide $177,628 for debt service and $2,581,800 for funds dedicated to the institution’s facility needs. An inter-fund transfer of $236,517 from the Residence Hall account will provide debt service for Conestoga Hall revenue bonds, a similar transfer of $121,197 will provide debt service for the Pioneer Hall revenue bonds.

The CIF budget of expenditures is set at $8,063,399 of which $1,818,674 is funded through facility fees paid by students.

The Capital Improvement Fund will see the continuation of $18,500,000 addition and renovation to the Main Building. An amount of $3,200,000 is allocated in the Fiscal 2019-2020 budget in order to conclude these construction activities.
The facility needs of the College continue to challenge the organization. The main campus building is now over forty-five years old and has not had a major refresh of the electrical, HVAC, plumbing, window systems and other infrastructure. A facility condition assessment study was concluded in 2012 that provides a blueprint for addressing the needs of an aging facility. A Master Facility Plan study concluded in 2013 provides guidance for updating educational, residential and office spaces. Accordingly, a contingency account has been established to begin addressing the financial requirements of responding to those studies.

Final assessed valuations were certified by the county assessors within the Western Community College Area on August 20, 2019 in the amount of $13,038,135,875. Valuations decreased by .15%. The proposed total levy for the Area of 10.1781 cents reflects an increase from the prior year’s levy. The General Fund levy is proposed at 8.0405 cents. The Capital Improvement Fund Levy is proposed at 2.1376 cents, which is made up of 2.0000 cents for capital projects and 0.1376 cents for debt service.

Mr. Knapper presented the 2019-2020 Designated Fund Budget in the amount of $4,968,856.00. This fund is comprised of proprietary or enterprise funds that are internally restricted for a specific purpose such as the bookstore, food service and student housing. These funds are segregated by campus.

Mr. Knapper presented the 2019-2020 Restricted Fund Budget in the amount of $7,575,589.00. This fund is comprised of monies which are externally restricted for a specific purpose, primarily state grants and direct Federal grants.

Mr. Knapper presented the 2019-2020 Agency Fund Budget in the amount of $450,000.00. This fund is comprised of monies which the College holds in a fiduciary capacity for others, primarily student organizations.

College personnel charged with budget duties were asked to develop division and department financial plans with no increase in operational budgets in response to the challenges in developing the General Fund 2019-2020 budget. The preparation of the 2019-2020 budget had challenges but the College staff worked together to develop a financial plan for the upcoming year.

Mr. Knapper thanked Ms. Kathy Ault for her assistance in budgeting personnel costs, Ms. Lynne Koskie and Ms. Nina Grant for their assistance in budget preparation as administration sought adjustments to the budget to align with Board directives. Additionally, the help of all staff members who had budget responsibilities including anyone who served on the budget committee or filled out a budget worksheet is very much appreciated. The College has a budgeting process that involves many within the institution and hopefully that process also keeps the organization well informed about the budget.

Mr. Knapper stressed that the Western Community College Area Board, faculty and staff is committed to serving the area by making a difference in the futures of everyone attending the institution and improving the quality of life throughout the area. The financial plan developed for the 2019-2020 Fiscal Year aligns the resources of the institution with that commitment.

Ms. Klemke thanked Mr. Knapper for his presentation of the budget funds. Ms. Klemke stated that at this time the floor is open for public comments with the reminder, pursuant to Board Policy, that conversation is limited to five minutes. There were no public comments.

Ms. Klemke asked Mr. Knapper to share information concerning this item.

Mr. Knapper reported numbers will be presented differently than past years. He explained that there are new numbers in this presentation that lead the numbers into the record that will be utilized in the resolution to follow. The resolution, mandated by LB-103 was passed in the last Legislative session.

The first number is the property tax request from the prior fiscal year, 2018-2019. That Property Tax Request was $12,914,375.10. The tax rate for the previous fiscal year was $0.098904. The valuation from 2018, the prior fiscal year was $13,057,515,801. The valuation for the new year budget is $13,038,135,875. The Change in Valuation is a decrease of $19,379,926 or 15 hundredths of one percent. The Property Tax
Request for the new budget, the 2019-2020 budget, is $13,270,360.71. The Property Tax Rate, using the new valuation and the prior year’s tax request would be $0.099051. The 2019 Tax Rate, using the new valuation and the proposed Property Tax Request would be $0.101781.

Mr. Knapper requested a correction to agenda item #8 that reads Property Tax Rate (2019 - 20 Request/2019 Valuation) to read Property Tax Rate (2018-19 Request/2019 Valuation).

Mr. Knapper stated that concluded his remarks.
