NOTES:

* During the 2018 reporting year, WNCC had no Paramedic students.

** During the 2019 reporting year the Paramedic Program at WNCC lost its program director. An interim program director was hired for a period of seven (7) months while a search for a new full-time program director was conducted. Two (2) of the students chose to remain enrolled and complete the program while three (3) chose to discontinue, resulting in the 40% retention rate.

*** During the 2021 reporting year two (2) students discontinued the program for non-academic reasons and three (3) for academic reasons bringing the actual retention rate to 75%.

**** During the 2022 reporting year of the five (5) students that started, one (1) left the program for academic reasons and one (1) for personal reasons, bringing the actual retention rate to 80%.
