Ms. Walworth reported the Board Policy Committee met earlier today to consider a revision to Board Policy #335.0106.14 – Recognition Award Costs. Ms. Walworth asked Mr. Kelly and Mr. Groshans to present the Committee report.

Mr. Kelly reported the revision to Policy #335.0106.14 is to increase the limit on the value of awards to $400.00. He reported this amount is the current limit established by the Internal Revenue Service. In accordance with Board Policy, the proposed policy is presented today for Board member review.

Mr. Kelly reported §13-2203(3) of Nebraska Revised Statutes requires that a public hearing be held prior to establishing a uniform policy setting a dollar limit on any item of value to be awarded. The statute further states that the policy cannot be altered or amended more than once in any twelve month period. Mr. Kelley reported at the August Board meeting, the Board will need to conduct a Public Hearing prior to taking action on the proposed policy.

Mr. Groshans reported the College gives length of service and retirement awards. The expenditure for these awards will rarely, if ever, amount to the proposed limit; however, it does allow for the inflationary increase in the cost for the awards.

Ms. Walworth reported the Board Policy Committee once again reviewed proposed policy #500.4600.14 - Compensatory Abilities: Services for Students with Disabilities and Appendix E-2-2014 - Compensatory Abilities: Procedures. She asked Mr. Ossian to present the Committee report.

Mr. Ossian reported he has reviewed the proposed policy which brings everything together for compliance with Section 504 and the College’s Disability Services Plan approved by the Office of Civil Rights. The policy provides a step by step approach for providing accommodations for students with disabilities, including procedures for evaluation. Mr. Ossian reported the Appendix includes definitions, the responsibility of the student seeking an
accommodation, and a process to address faculty and staff questions/objections regarding the implementation of an accommodations plan for an individual student.

Mr. Groshans commented this policy is the springboard for changing the culture for the College. Institutions of higher learning are changing their environment from one of policy and rules to one of service and accessibility. The change is needed to create a setting more conducive to learning for students with disabilities.

Ms. Walworth moved the Board approve Policy #500.4600.144 – Compensatory Abilities: Services for Students with Disabilities and the accompanying Appendix E-2-2014 - Compensatory Abilities: Procedures as presented. Seconded by Ms. Klemke. The vote was, Yes: Nelson, Pavlista, Perkins, Shaver, Walworth, Daniels, Klemke, Leseberg, Gramberg. No: None. Absent: Marcy, Stickney. Motion carried. (A copy of the adopted policy is attached in the official minute book.)

Mr. Ryan Burgner, Athletic Director, stated it was his pleasure to report that the College has great coaches, winning teams, a strong dorm parent program, student-athletes that succeed both in the classroom and on the field, and are involved in community service projects. Mr. Burgner commented that over the past three years, the average number of student athletes from Nebraska is nineteen percent.

Mr. Burgner reported the student athlete graduation rates are based on two years of attendance, whereas traditional and non-traditional graduation rates are based on three years of attendance. The graduation data is based on degree seeking, first-time, full-time students. In 2013-2014, 27 of 43 (62 percent) of the student athletes graduated. Over a three-year average, student athletics have graduated at a 42 percent higher rate than traditional and non-traditional students. He reported the College had 27 academic All-Region students, which requires a 3.25 or higher grade point average, and four National Junior College Athletic Association Academic All-American students with a grade point average of 3.60 or higher. In 2013-2014, the student-athlete grade point average was 2.71. He remarked one student athlete from Bridgeport had a 4.0 grade point average. Additionally, the College had two National Junior College Athletic Association All-Academic Teams – Women’s Basketball with a 3.15 team grade point
average, and Women's Softball with a 3.28 team grade point average. Mr. Burgner commented it is the goal of the Athletic Department to increase the academic success of all student athletes.

Mr. Burgner reported that over the last three years, Cougar Athletics have won over 500 games and the athletic program is rated in the top two in the region. He reported two athletic teams participated in the National Junior College Athletic Association National Championship tournaments. Women's Volleyball placed 5th and Women's Basketball placed 12th.

Mr. Burgner reported Coach Giovana Melo received the Region IX Coach of the Year Award. She was also named Western Region Coach of the Year.

Mr. Burgner reported that during 2013 – 2014 year, student-athletes contributed more than 1,600 hours to thirty successful community service projects. He commented among the goals for the Athletic Department is to have all coaches and athletes be more visible in the community and to increase community service projects.

Mr. Burgner reported the Dorm Parent Program is well established in the Scottsbluff and Gering communities. This program provides a host family for all College student athletes who are interested in having a "local" family.

Board members commended Mr. Burgner and all members of the Athletic Department to ensure the success of the student athletes both on and off the field.

With all of the national attention being garnered on concussions, Board members inquired how the College manages student athlete injuries. Mr. Burgner reported treatment is provided through the hospital. Student athletes who are injured cannot return to practice/play without a release from the physician. Mr. Burgner reported 97 percent of the athletes made at least one visit to the training room for treatment or evaluation.

There was discussion regarding which sport has more head injuries. Soccer has the most. Mr. Burgner reported there is head gear available for soccer players; however, at this time it is not a requirement for participation.
Dr. Gramberg thanked Mr. Burgner for his report and congratulated him and all members of the Athletic Department for their efforts to keep the student grade point average up, and to succeed on the field. He remarked the Board appreciates the good work of the Athletic Department.

Board members remarked a report should be published about the student-athlete involvement in community service projects so the community is aware of their contributions.

Dr. Gaalswyk reported that four years ago (Fall Semester 2010), a Strategic Plan was developed to guide the College for the next three years, Fiscal Year 2012 through Fiscal Year 2014. The Plan was developed by members of the Board of Governors, College executive team members and faculty, and business and community partners from the service area. The Plan included four Strategic Goals, with Action Plans and team members identified. Dr. Gaalswyk referred Board members to the mailed packet which includes the Final Report of the Strategic Plan for Fiscal Year 2012 – 2014. The report shows each goal with emphases.

Dr. Gaalswyk reported he and Mr. Alkire are presenting the final report to provide an assessment of the strategic plan. Dr. Gaalswyk and Mr. Alkire reviewed the emphases for each goal and the specific steps and strategies undertaken to achieve each goal. (A copy of the complete report is attached in the official minute book.)

Dr. Gramberg declared a ten minute recess at 2:07 p.m.

Dr. Gramberg declared the Open meeting in session at 2:15 p.m.

Mr. Kelly reported that he and Mr. Ossian attended the National Association of College and University Attorneys Conference which was held in Denver June 21, 2014, through June 25, 2014. Mr. Kelly reported they attended sessions that provided updates on such topics as Violence Against Women; a seminar regarding internal investigations; new guidelines for responding to Sexual Misconduct issues; Office of Civil Rights focus on steps to deal with bias incidents including hate speech, cyber and social media; accommodations for religious beliefs; changes in dealing with

threat issues; harassment/bullying issues incidents; including electronic issues; and service animals.

Mr. Kelly reported that Mr. Ossian has developed a template model for the Office of Civil Rights requirements. This is a valuable tool.

Mr. Kelly remarked the challenge for the College is increasing all of the time and the burden to comply increases almost weekly. He remarked that some institutions have a full-time staff member whose responsibility is investigations. Mr. Kelly reported that he and Mr. Ossian are working hard to stay ahead of the curve to protect the institution.

Mr. Kelly reported he is planning to schedule an informal meeting with other Nebraska community college attorneys to share information and discuss the challenges being faced by their institution.

Mr. Kelly thanked the Board for the opportunity to attend this conference.

Dr. Perkins commented one of the topics that will be discussed at the August meeting of the Nebraska Community College Association will be the report of the White House Task Force to Protect Students From Sexual Assault, and what may be expected of institutions of higher learning in preventing and responding to Sexual Misconduct incidents.

MONITORING REPORTS
Nebraska Community College Association and Association of Community College Trustees

Dr. Perkins commented his reports from the Nebraska Community College Association and the Association of Community College Trustees will be combined.

Dr. Perkins reported the Third Quarter meeting of the Nebraska Community College Association Board of Directors will be held on August 4, 2014, in Lincoln, Nebraska.

Dr. Perkins reported the Nebraska Community College Association Board of Directors will hear a report from Dr. Greg Smith about the Voluntary Framework of Accountability and then review information from each college. Based on the information presented, including the strengths and weaknesses of the Voluntary Framework of Accountability, the Directors will then discuss the presentation that will be made during the Association of Community College Trustees 2014 Annual Leadership Congress.
Dr. Perkins reported further that during the August 2014 meeting of each area Board of Governors, a report on the findings thus far of the Voluntary Framework of Accountability will be presented. In September, each area Board will have a serious discussion about how the data provided by the Voluntary Framework of Accountability will lead to policy decisions. That information will be brought together for presentation to the 2014 Association of Community Colleges Leadership Congress. Dr. Perkins reported further a report similar to that presentation will be made at the Nebraska Association of Community College Trustees Annual meeting to be held in November 2014.

Mr. Kelly presented a Final Plat for the platting and dedication of street right of way for the east half of 12th Avenue from Talisman Drive to about 250 feet north of East 27th Street. The plat includes the dedication of approximately 0.92 acres for a turnabout. Mr. Kelly explained this is the College side of the street from 27th Street to Talisman Drive.

In response to a question from the Board, Mr. Kelly reported the plat has nothing to do with the paving of the street. The formation of a paving district will be the next step. He remarked the City pays for the paving of intersections. The College will be responsible for the front footage on the College side of the street.

Mr. Kelly reminded Board members that since the plat includes the conveyance of real estate (0.92 acres), approval of the plat will require an affirmative vote of at least two-thirds (eight) of all members of the Board.

Mr. Kelly recommended the Board approve the Final Plat.

Mr. Daniels moved the Board approve the Final Plat and dedication of street right of way for the east half of 12th Avenue from Talisman Drive to about 250 feet north of East 27th Street including 0.92 acres for a turnabout. He further moved the Board authorize the Chairperson to sign the Application for Approval of Subdivision of Real Estate and Owner's Statement. Seconded by Ms. Klemke. The vote was, Yes: Pavlista, Perkins, Shaver, Walworth, Daniels, Klemke, Leseberg, Nelson, Gramberg. No: None. Absent: Marcy, Stickney. Motion carried.

The next item on the Agenda is the Annual meeting of the Western Nebraska Community College Facilities Corporation.
At 2:48 p.m., Dr. Gramberg declared the Regular July 2014 meeting of the Western Community College Area Board of Governors in recess until the adjournment of the Annual meeting of the Western Nebraska Community College Facilities Corporation.

Mr. Nelson called the Annual Meeting of the Western Nebraska Community College Facilities Corporation to order at 2:49 p.m.

(A copy of the minutes of the Annual meeting is enclosed for information purposes.)

The Annual meeting of the Western Nebraska Community College Facilities Corporation was adjourned at 2:58 p.m.

Dr. Gramberg reconvened the Regular July 2014 meeting of the Western Community College Area Board of Governors at 2:58 p.m.

Dr. Gramberg asked for Board Member Comments.

Ms. Klemke extended congratulations to Dr. Terry Gaalswyk on his recent appointment as Executive Vice President.

Dr. Gramberg asked for President's Comments.

Dr. Holcomb reported that Ms. Lucretia Green was recently honored as the oldest living alumni of the College. Ms. Green is a former vocal music school teacher who graduated from Scottsbluff Junior College in 1935. Residents and guests who attended the celebration, held at The Village, learned the history of the College through the presentation, "Western Nebraska Community College Now and Then." Ms. Cara Perkins played her violin and Ms. Green played the piano and sang for the crowd.

Dr. Holcomb reported Pioneer Residence Hall construction is moving along as scheduled and should be ready for occupancy by the middle of August. The Sidney Campus student residence buildings have been placed on their foundation and grading around the building is nearly completed.

Dr. Holcomb reported community summits were scheduled at all three campus locations so that Rich Gross Solutions could meet with various community members. Community
members were invited to the summits so that information could be shared about the College, the comprehensive campaign, regional workforce and the economy. There were approximately 100 community members who attended the sessions. He reported the Scottsbluff Campus summit was scheduled on July 7, the Sidney Campus summit on July 10, and the Alliance Campus summit on July 11.

Dr. Holcomb shared that he will be serving as the 2014 – 2015 president for the Scottsbluff/Gering Rotary Club.

Dr. Holcomb remarked that Marilyn Dodge is a fantastic individual who has done yeoman’s work as the Educational Outreach Programs Director. She will be missed by the College.

Dr. Holcomb reported that on July 24, 2014, the Cosmetology students will host a free spa day for Cancer survivors.

Dr. Holcomb asked for questions.

Board members inquired if the Sidney Campus student housing project is progressing on schedule. Dr. Holcomb replied that it is. The utilities cable is buried. The cable for the internet connection is yet to be completed. He reported 20 of the 24 available slots are filled.

Dr. Gramberg reminded Board members of the following upcoming meetings and events:

2) The Nebraska Community College Association 2014 Regular meetings to be held as follows: a) Third Quarter Meeting, August 4, 2014, Lincoln, NE; b) Fourth Quarter Meeting (Annual Meeting), November 3 and 4, 2014, in Lincoln, NE.
